It looks as though Nally will insist on a call this week with us and Murray energy. Tinka will likely say ok but that on our end we will listen more than speak because we are still in the process of developing our specific objection. Janet - Please give Eric or Dan a call to confirm that they have my letter and also finish the timeline. I expect that if we have a call this week it will be some time tomorrow.

Beyond any call this week she told Nally that we would be ready to have the call to discuss our concerns and hear from the company the first week of December. I would like to have a good draft of our specific objection before the call.
